

FuturePay Partners with Suppz.com to Offer More Online Shoppers a Flexible Payment Option

SALT LAKE CITY, UT May 4th, 2015 – FuturePay, a payment option that lets shoppers buy now and pay later, today announced their partnership with Suppz.com, a leading online supplement retailer. Started out of a Wisconsin gym in 2008, Suppz has quickly become a favorite for bodybuilding enthusiasts and is an exciting partnership for FuturePay.

FuturePay is a payment option that lets customers securely shop online without a credit card. Shoppers simply put purchases on a FuturePay tab, making it easy to buy now and pay later. Instead of entering multiple passwords, credit card information and many fields, FuturePay only requires customers to enter their username and password to complete a purchase, greatly streamlining the checkout experience.

“One of the best aspects of FuturePay is its ability to turn new shoppers into repeat customers,” said Bobbi Leach, CEO of FuturePay. “Adding Futurepay will help Suppz to build on their already loyal customer base and further propel their success.”

New and existing FuturePay customers can start shopping today at www.suppz.com. New customers can create a FuturePay tab quickly and easily at checkout because FuturePay’s real-time application process approves shoppers in seconds. Visit www.futurepay.com/shoppers/ for more benefits of using a FuturePay tab.

About FuturePay
