

FuturePay Partners with 3dcart to Bring an Alternative Payment to Online Retailers

Over 17,000 Online Stores will have access to FuturePay's Payment Solution

Salt Lake City, UT – September 9, 2014 FuturePay, a payment option that lets shoppers buy now and pay later, and 3dcart, the leading hosted ecommerce Shopping Cart provider for small businesses; today announced their partnership to bring a seamless integration that will allow thousands of eCommerce merchants to instantly offer FuturePay as a payment option to their customers. The new service will reach over 17,000 Online Stores within the 3dcart network of small business.

FuturePay provides shoppers with a new payment option that is secure and convenient, with no credit card required. Instead of entering multiple fields and credit card information, FuturePay shoppers can checkout in one step, putting purchases on their FuturePay Tab with just their username and password.

“We are excited to partner with 3dcart and offer FuturePay to the nearly 17,000 merchants using their eCommerce platform.” said Bobbi Leach, CEO of FuturePay. “3dcart merchants can now easily provide their customers with the convenience and security of shopping without a credit card.”

Online merchants already using 3dcart or new to their platform can visit www.futurepay.com to learn more about how FuturePay can help attract new customers to their existing storefront.

“Adding FuturePay to 3dcart’s global online payments portfolio of over 200 payment solutions, and making it available to internet retailers as part of our powerful all-in-one ecommerce solution, is part of our commitment to keep 3dcart as a leader in the market.” said Gonzalo Gil, founder and CEO of 3dcart.
